SCULPTURES ELIGIBLE FOR ENTRY

All types, forms and sizes of sculpture in all materials are eligible for entry to *Sculpture by the Sea*, Bondi (SXS). The exhibition site can accommodate the largest to the smallest sculpture, however when submitting works artists are required to consider safety, ease of installation and removal, the environment and the ability of their work to withstand sun, extremely strong wind, rain, salt spray and playful children climbing on the sculpture.

Waverley Council authorises *Sculpture by the Sea* Incorporated (SXSInc) to stage the exhibition on the Bondi to Tamarama beach coastal walk. Please note that works considered by SXSInc or Waverley Council to be unsafe will be ineligible. Waverley Council is committed to maintaining and supporting events that include participation from the broader community and are not discriminatory or offensive in any way.

AVAILABLE SITES

Sites are available along the coastal walk from Tamarama Beach to the steps at the end of Notts Avenue, including rock platforms; garden beds; cliff tops; the park areas at Marks Park; and the sea. Artists wishing to install sculptures in the sea are required to meet additional requirements including the responsibility for the installation of their work, its maintenance and removal at short notice in the event of forecasted big seas.

RESTRICTED SITES

The only restrictions on sites are for public, environmental and sculpture safety reasons. To the extent possible these have been indicated on the enclosed map and include:

- unsafe distances from the cliff's edge (approximately 2 metres);
- rock overhangs above the walkway;
- next to the narrower parts of the walk;
- rock platforms exposed to the surf;
- next to or on the Aboriginal rock carvings; and
- works which incorporate fire or loud amplified sound.

SCULPTURE BY THE SEA'S CURATORIAL PANEL

- Geoffrey Edwards, Director, Geelong Gallery and former Senior Curator Sculpture & Glass, National Gallery of Victoria, Australia
- Dr. Michael Hill, Head of Art History and Theory, National Art School, Sydney, Australia
- Jesper Rasmussen, Head of The Jutland Art Academy, Denmark
- Dr. Nein Schwarz, Artist & Senior Lecturer, School of Communications and Arts, Edith Cowan University, Perth, Australia

If a member of the curatorial panel has a commercial relationship with an artist who has submitted a work for consideration, the submission will be considered by the other members of the panel alone.

SCULPTURE BY THE SEA'S CURATORIAL POLICY

SXS is inclusive of all modes of sculpture. This allows the exhibition to demonstrate sculpture's history and development to the public. One of the specific challenges for sculptors is the environment: landscape; its conditions; and history. SXS gives full recognition to the artists' freedom to balance artistic vision and the challenge of place. This curatorial policy will be used by the Curatorial Panel when considering artist submissions.

ARTISTS' APPLICATIONS TO PUBLIC ARTS BODIES

If you would like to request that your submission be considered now for the 2016 exhibition in order to enable you to apply for funding from a public arts funding body, please indicate this on the application form. To assist artists, we will accept up to six submissions now for the 2016 exhibition.

INTERNATIONAL ARTISTS PLEASE NOTE

We welcome submissions from overseas artists. However we have

limited resources to assist those international artists who intend to make their sculpture in Australia. Please inform us of your intentions, for except in rare circumstances we are unable to provide assistance to artists to source materials, equipment or studio space to create new works.

If the funding deadline of your national arts body has already passed, you may nominate on the entry form for your proposal to be considered for our 2016 exhibition.

SITE SELECTION AND ADDITIONAL INFORMATION

Where feasible, artists are encouraged to select three proposed sites for their sculpture by marking and describing their preferred sites, in order of preference, on the enclosed map. For local artists, if possible, please submit a photo of each site with your entry. For artists unfamiliar with the exhibition site, please describe the type of site or landscape you would prefer.

Artists whose works are chosen for exhibition will be notified by 1 May 2015. Site meetings will be held on 7, 8 and 9 May to discuss site selection, construction and installation for available artists. Regional and interstate artists are encouraged to attend if possible.

Please indicate your preferred site meeting time on the entry form. Following selection, artists will be contacted to confirm meeting times. Where selected artists are unable to attend site meetings, the Site Manager will discuss site and installation matters with the artist by email or telephone.

Following a meeting between the Site Manager and Waverley Council some artists will be required to provide additional information which in some cases may include engineering reports, prior to their work being approved. Artists will be required to submit additional information by 31 July 2015. Final site selection for all sculptures in the exhibition is the decision of SXSInc.

ARTIST AWARDS AND SUBSIDIES

Each year we seek to generate artist subsidies and awards, many of which are finalised throughout the year. Subsidies and awards confirmed to date for 2015:

- The \$60,000 Macquarie Group Sculpture Prize;
- A minimum cost contribution to each artist of \$2,000 who exhibits in both *Sculpture by the Sea* and *Sculpture Inside* who does not otherwise net over \$2,000 in sales, subsidies or prizes from the exhibition;
- 3 Helen Lempriere Scholarships of \$30,000 each for Australian artists;
- 3 Clitheroe Foundation Mentorships of \$10,000 each for young emerging Australian artists and their mentors;
- Up to \$20,000 of subsidies for artists of ephemeral and site specific sculptures that by their nature are unlikely to be sold;
- Sydney Water Environmental Sculpture subsidy of \$5,000 for a work that utilises wind, water, solar power or other aspects of the environment;
- The Andrea Stretton Memorial Invitation of \$5,000 towards freight, materials, accommodation and airfare to exhibit in *Sculpture by the Sea*, Cottesloe 2016 in Perth, Western Australia in March 2016;
- For New Zealand artists: The Wallace Arts Trust New Zealand Sculptor Award of NZ\$7,000 towards costs of exhibiting and travel to Sydney for the exhibition;
- For Tasmanian artists: The Dick Bett Memorial Invitation of \$5,000 towards freight, materials, accommodation and airfare;
- The Macquarie Group Sculpture Inside Prize of \$5,000;
- The Allens People's Choice Prize of \$5,000;
- The Kids' Choice Prize of \$3,000;
- Return economy class airfares to Sydney for up to 7 overseas artists;
- Return economy class airfares to Sydney for up to 7 interstate artists;
- Material Sponsorship is available for selected artists (see below).

EPHEMERAL AND SITE SPECIFIC WORKS

We would like to encourage proposals from artists for ephemeral and site specific works. To this end we will provide up to \$20,000 to be distributed between selected artists. Installations or sculptures on the rocks, in the water or on Tamarama Beach are especially encouraged. Please note that distribution of ephemeral and site specific subsidies will be made by the Founding Director of the exhibition.

MATERIAL SPONSORSHIP

Materials including plasma or oxycut steel and scrap steel are available from our sponsor Sell & Parker to be used in the sculptures exhibited. Please indicate on the entry form if you wish to be considered. International artists are only eligible if their sculpture is to be constructed in Australia and some materials (due to supply locations) are restricted to NSW artists only. Additional information will be supplied on the subsidies following pre-selection.

THE HELEN LEMPRIERE SCHOLARSHIPS

Three \$30,000 Helen Lempriere Scholarships ('the Scholarships') will be awarded to Australian sculptors who are selected to exhibit in SXS this year. The Helen Lempriere Scholarships are designed to assist sculptors with the advancement of their career through study or research. The Scholarships are made possible by The Helen Lempriere Bequest, a charitable trust managed by Perpetual.

All Australian citizens who apply to SXS, who have been sculptors for at least 5 years or who are at least half way through a relevant course of study, are eligible for the Helen Lempriere Scholarships. This is the minimum qualifying criteria as set down by Perpetual as trustee of the Helen Lempriere Bequest. The senior tertiary level academic on the SXS Curatorial Panel will nominate a short list of sculptors to be considered for the Scholarships from those selected to exhibit in SXS. Each of the sculptors short listed for the Scholarships will be asked to provide a short proposal on how they would use the Scholarship funds to further their study or research in order to materially advance their skills or knowledge of sculpture. The Scholarship funds may be used to meet travelling expenses in Australia or overseas or to enable the recipient to pursue study or research, with the funds to be applied over a 12 - 24 month period.

TRANSPORTATION TO AND FROM THE SITE

Artists are responsible for the transportation of their sculptures, including international freight, to and from the exhibition site and for arranging the removal of all packaging materials from the site.

While we greatly enjoy exhibiting interstate and international artists, we like to advise interstate and international artists to make preliminary freight costing enquiries prior to submitting for the exhibition, and these costings should include return freight. Once selected, international and interstate artists are invited to discuss transport and packaging with the Assistant Site Manager.

For overseas artists only: SXSinc has a nominated freight forwarder. It is preferable that all international artists use the nominated freight forwarder for ease of importation. All international freighted sculptures must arrive in Australia by 6 October 2015 to allow sufficient time to clear Australian Customs and Quarantine procedures. Once selected, international artists will be provided with information regarding transportation and customs.

International artists are invited to make use of the Temporary Import Security provisions, using our account with Australian Customs, under which works are eligible to remain in Australia for up to 12 months without paying the 10% Goods and Services Tax (GST) on the declared value at time of importation. If the work is re-exported within 12 months, no GST is payable in Australia.

If the work is sold in Australia or, after mutual agreement with SXSinc,

you choose to leave the work in Australia for more than 12 months, then the 10% GST on the declared value of your work at time of import will be payable by you to Australian Customs. SXSinc reserves the right to deduct this amount from any proceeds of sale, subsidies or prizes, or to charge the artist. Further information will be provided to artists once selected.

INSTALLATION, DE-INSTALLATION & MAINTENANCE

To assist artists with their installation and de-installation, the exhibition will have a crane, fork lift and trucks. Details of the equipment available will be provided to artists once selected. Installation will take place on Wednesday 14, Thursday 15 and Friday 16 October and Monday 19, Tuesday 20 and Wednesday 21 October. Approximately three weeks before the exhibition artists will be assigned their allotted day and time to commence installation.

Artists will generally have one full day to install their work unless otherwise agreed with the Site Manager. The responsibility for installing and de-installing the sculpture is the artist's. Please bring your own tools. If you need extra hands, bring them along. Assistance from SXSinc will include discussing the means of installation and the best access to the site from the nearest drop off point, together with site crew to help coordinate the installation. In the case of international and interstate artists, some additional install assistance can be arranged with the Site Manager.

Once artists are selected we will write to you requesting specific information about your sculpture. It is a condition of exhibiting that all selected artists provide a written statement on how they propose to install and de-install their sculptures, together with a list of all vehicles and heavy equipment they propose to bring or require on the site. It is a condition of exhibiting that artists comply with the agreed means of installation.

It is a condition of exhibiting that each artist provides the Site Manager with a photo of their completed sculpture by 14 September (unless this condition is waived in writing by the Site Manager). International artists will be required to submit a photo of their work 3 weeks prior to shipping. **Works deemed unsafe or which do not match the Curatorial Panel's expectations of the artist's proposal will be excluded from the exhibition.** It is a condition of exhibiting and receiving any subsidies through SXSinc that each artist maintains their sculpture in a presentable condition throughout the exhibition, or hire the site crew to do so. This includes the repair of any minor damage to the sculpture.

De-installation will commence at 8am on Tuesday 10 November and all sculptures are to be removed by the exhibiting artist by 5pm on 12 November unless otherwise agreed by the Site Manager. Due to the need to return the walkway to its normal condition, any sculpture not removed by 10am on 13 November will become the property of SXSinc. All sites must be returned to their original condition by each exhibiting artist.

ARTISTS EXHIBIT AT THEIR OWN RISK

The exhibition does not have an accidental and malicious damage insurance policy to cover the sculptures.

All risk in the exhibition of sculptures remains with the artist at all times, irrespective of whether the work is being handled by a member of the exhibition staff. By signing the entry form artists authorise the exhibition staff to move their sculpture or remove it from the site for any reason, including but not limited to public safety, damage or potential damage to the sculpture or for the cohesive curation of the exhibition. Over the period of the exhibition, daytime Site Crew, Waverley Council Rangers, the Waverley Police and evening security guards will patrol the exhibition site.

To minimise minor acts of vandalism all readily movable sculptures must be placed by the artist, or artists can choose to hire the

exhibition's site crew to place their work into one of the secure storage facilities available on the exhibition site each night and placed back on site each morning.

PACKAGING AND STORAGE

If your crate is constructed with nails it is likely it will fail during transport. For this reason please only use screws, bolts or similar fasteners and the use of nails for lids or access panels on crates is not permitted. If your crate requires repair due to poor construction or the use of nails you will be charged for crew time and materials to repair your crate if it is needed for transport. It is essential that any crates or materials to be stored by SXSInc on your behalf are clearly labelled with your name.

SXSInc are able to offer storage during the exhibition for crates and packaging. After the exhibition international artists can store their sculpture for a period of up to 3 months for no cost, however the cost of the transport to and from our storage facility will be charged to the artists. Please note that the storage space is outside and we cannot accept responsibility for weather damage, theft or vandalism to crates, materials or sculptures.

More information on packaging and storage will be provided to accepted artists.

SCULPTURE INSIDE

SXSInc presents an indoor exhibition of small pieces by the exhibiting artists with over 200 works exhibited, this exhibition offers the artist a chance to introduce their sculpture to the public on a more intimate scale. With strong sculpture sales, *Sculpture Inside* provides the artist a further opportunity to make sales during the exhibition. It is a condition of exhibiting in SXS and to be eligible for the minimum artist Cost Contribution that selected artists submit a work for consideration by the Curator of *Sculpture Inside*.

EXHIBITION SALES

A substantial amount of sculptures are sold during the exhibition, with on average 25-30% of outdoor works sold from our exhibitions. However artists should note the majority of sales are below \$50,000.

With the exception of ephemeral works or works on loan from collections, all sculptures in SXS and *Sculpture Inside* are available for sale through SXSInc as the exclusive agent for the artist, in Australian dollars at the amount nominated by the artist, on the following terms.

1. The artist must take full responsibility for ensuring their work is in a condition ready for delivery to the buyer for permanent installation. If SXSInc is required to do any remedial work on the sculpture or provide crating prior to delivery to the buyer, the artist will be invoiced at cost by SXSInc.
2. Where an Australian artist is registered for GST, a 10% Federal Goods and Services Tax (GST) is included in the sale amount; for those Australian artists who are not registered for GST, GST is added to the SXSInc sale commission as required by law; for overseas artists where their Australian earnings are \$75,000 or above within a twelve month period, Federal Goods and Services Tax (GST) will be included in the sale amount and will be remitted to the Australian tax office on their behalf by SXSInc.
3. SXSInc will take a 35% commission on any sale plus GST where applicable ("the Commission").
4. In the case of artists exclusively represented in NSW by galleries or agents at the time the artist makes their submission to SXS, SXSInc will pay the gallery or agent a 10% commission on any sales, including *Sculpture Inside*, less bank and credit card charges.
5. The Commission will not be shared with the gallery or agent representing the artist if the artist themselves is the agent or the Director of the gallery.
6. For artists who are unrepresented in NSW (for Australian artists) or Australia (for international artists) at the time we first accept

their application to exhibit in SXS, no commission will be paid to a gallery or agent on any sales made from this or future SXS exhibitions.

7. For sculptures accepted into either SXS or *Sculpture Inside*, from the time we accept your application until 6 months after the exhibition, or 12 months for international and interstate artists whose work remains in Sydney, ('the Exhibition Contract Period') the sculptures are exclusively for sale through SXS as agent for the artist.
8. If, following an introduction to a prospective buyer ('Prospective Buyer') of your work in SXS, you are commissioned to create a new sculpture by the Prospective Buyer during the Exhibition Contract Period, the Commission is payable to SXS.
9. For artists who become represented by a gallery during the period of this agreement no commission on the sale of any sculptures exhibited in the exhibitions will be paid to the gallery.
10. The artist agrees that SXSInc is an authorised agent of the artist. However all risk in the work remains with the artist until possession is taken by the buyer.
11. Payments to artists for the sales of their work will be made approximately 10 weeks after the close of the exhibition, provided full payment has been received from the buyer, and after any relevant site, customs duty or transport costs have been deducted.

ADDITIONAL IMPORTANT TERMS AND CONDITIONS

To help us manage the exhibition fairly for all exhibiting artists it is important that you understand it is a fundamental term of exhibiting that you adhere to the following terms.

Failure to comply with these conditions will result in the artist forfeiting any artist subsidy or prize monies owed to them by SXSInc and may result in the artist's work being excluded or removed from the exhibition.

1. To enable us to effectively manage the exhibition's media plan, no artists are to issue a press release relating to their exhibiting in the exhibition without the written consent of SXSInc. We will invite all selected artists to submit any media ideas they have for consideration by the exhibition's publicist.
- *2. We encourage artists to use social media to promote their work in SXS and to raise funds through crowd sourcing. Out of fairness to other artists in the exhibition and to enable us to manage the SXS social media plan it is a condition of exhibiting that you obtain our written approval to conduct a crowd sourcing campaign or a major social media campaign (including setting up a website or Facebook page specific for your work in SXS), or to promote any activities on the exhibition site. This does not include occasional or even regular social media posts which we are more than happy for you to do and please share them with us so we can pass them on. Instead our approval is required to make sure you do not use social media to promote your sponsors in a way that would cause others to think they were sponsors of the whole exhibition, or that your sculpture was a focus of the exhibition to the exclusion of other works, or to host events for the public (eg. even if we like the idea we might need Council approval). As the role, importance and ease of accessing social media is rapidly changing we reserve the right to discuss our response to individual requests by artists and will provide more information to artists selected to exhibit.
3. Artists agree that their sculptures will not affect the environment or the path in any lasting way e.g. rocks cannot be drilled into or trees cut back.
4. Once proposals are accepted by the Curatorial Panel it is important that any substantial changes to work are submitted to the Site Manager and approved by the Curatorial Panel, prior to the exhibition. No changes can be made after 9 September.
5. As we are concerned about the impact of loud sounds on the local residents, for any sculptures that utilise sound please submit a recording or a detailed description of the sound.
6. All directions/requests from Council officers, Police Department, other public authorities and the exhibition staff must be complied with.

7. Provided there is no conflict with an exhibition sponsor, artists may include the logo of two personal sponsors included in the catalogue next to the section on their work.
8. Artists' sponsors are not authorised to use images of the sculpture taken at the exhibition for commercial purposes, including commercial websites, without entering into a licence agreement with SXSInc.
9. Artists' sponsors are not authorised to promote their involvement with SXS or an artist in SXS via social media channels without prior consent from the Director of SXSInc.
10. Artists' sponsors are not to host functions on the exhibition site or issue press releases without the written consent of SXSInc.
11. SXSInc has the right to reproduce images of the sculpture to be exhibited provided by the artist for pre-selection and any images of the work in the exhibition for the exhibition catalogue, publicity, advertising or archival purposes in any manner connected with the exhibition or its sponsors, including a book on SXS that is available for sale.
- *12. Out of fairness to all exhibiting artists and for the long term management of SxS, as exhibitions run by a not for profit organisation, each exhibiting artist assigns to SXSInc that part of the world wide copyright in the artistic work which confers the exclusive right to make two dimensional copies of the work based on photographs taken while it is part of SxS, including images giving the impression the sculpture is on the SxS exhibition site. This right is to ensure SXSInc is in a position to stop third parties using images from SxS for advertising campaigns, except for campaigns we approve of and with the payment of an appropriate licence fee to SXSInc and the artists. SXSInc will not authorise the use of a photo of an artist's sculpture under this clause for commercial purposes without the artist's written approval and without the artist receiving the appropriate acknowledgement, including their name and the title of their sculpture. It is not the intention of SXSInc to enter into small scale commercial agreements with third parties for the licencing of images of sculptures taken at the exhibition, except for the possible sale of framed or unframed photos for which we will seek each artist's consent. This clause does not prevent any artist from using images of their sculpture at SxS for non-commercial purposes as outlined in clause 13. Please note 'commercial purposes' means the sale or licence of the right to use an image". Should you wish to use images of your work taken at the exhibition for any promotional purposes including websites, opening invitations or photos submitted to publications please notify us, credit the exhibition and establish a hyperlink to our official website www.sculpturebythesea.com.
13. If an artist provides a sale price other than in Australian dollars, SXSInc will convert the foreign currency amount into Australian dollars at the time of editing the catalogue and account for any sales to the artist in Australian dollars.
14. For the purpose of managing sales and site safety, all selected artists are to have a daytime contact number or mobile phone number during the exhibition.
15. So as not to complicate sales under negotiation, artists are to notify the Exhibition Sales Team one week before offering their sculptures as a donation or loan.
16. We will list your name and the title of your artwork on our small site number plaques next to each sculpture. To keep the site uncluttered by signage the only other signage permitted for artists' works are to assist with crowd control or for digital or virtual works which require signage to inform the public of how to view the work. SXSInc will design and print all signage in consultation with the artist.
17. Artists are not permitted to have commercial logos or websites on their works.
18. The artist and SXSInc agree that in the event of a dispute between them that they will submit the dispute to mediation to be attended by both parties prior to either party commencing legal proceedings.
19. The terms of this agreement apply into the future and are not limited to the year of exhibition.

ENTRY FEE

Only one work per artist will be pre-selected and no entry fees are refundable. If you require a tax invoice for your entry fee please fill in the section on page 2 of the entry form. The entry fees are:

1. General entry fee is \$45 inclusive of GST for the first proposal;
2. Additional entries. Artists may enter up to 3 works for consideration. For every additional work entered a fee of \$25 and another entry form is required; and
3. Concession entry fee is \$25 inclusive of GST per proposal. Those eligible include full time students, the unemployed and healthcare card holders (please provide proof of eligibility, e.g. a photocopy of your card). For Australian artists: entry fees can be paid by credit card, cheque or money order payable to *Sculpture by the Sea* Incorporated.

For Australian artists: entry fees can be paid by credit card, cheque or money order payable to *Sculpture by the Sea* Incorporated.

For overseas artists: entry fees can be paid by credit card or by international money order in Australian dollars. Applications will not be accepted if they include payments made in any other currency.
