

MAKING SCULPTURE

CREATE YOUR OWN SCULPTURE
USING GEOMETRIC SHAPES

GEOMETRY AND REFLECTIONS ARE USED BY ARTISTS
TO CREATE INTERESTING AND UNUSUAL EFFECTS.
THEY COMBINE THEM TOGETHER AND THIS CREATES
BEAUTIFUL EFFECTS WHEN THE SUNLIGHT HITS THEM.

INSPIRED BY ALESSANDRA ROSSI

Natura Morta (Still Life)

YOU WILL NEED

recycled cardboard,
cellophane, scissors
and tape. Optional: ruler
and pencil.

1

Use scissors to cut out
a series of different
shaped windows from
cardboard.

2

Cut cellophane to
the shape of your
window and tape to
the cardboard.

3

Use tape to put the
different shaped windows
together to create an
interesting shape.

4

Take your sculpture outside or
place by a window to see the
different shapes and colours that
are reflected onto the ground
and landscape around you.
